# BALTIC STREETS

---

## 1 What is BALTIC STREETS?

BALTIC STREETS is a global festival that covers several spheres of today's youth's life. The theme of the festival is related to **street culture**, which is gaining popularity all over the world year by year.

## 2 How is it conducted?

The festival takes place in a limited area for several days. Within walking distance, there are street food, basketball courts, open-air cinema, concert stage, etc.

---

## 1 Basketball 3x3 Tournament

Basketball 3x3 is one of the most developing sports in the world, especially in Europe. The 3x3 basketball court doesn't require much space, which makes it possible to hold a tournament in a limited area.

## 2 The Dunk Contest

will be held as a part of 3x3 basketball tournament. The top jumping contest is a traditional element of the major basketball tournaments. This is a spectacular competition among 3-6 dunkers from BSSSC members and guest stars.

## 3 StreetArt competition

Models for artists will be placed throughout the festival territory, which are proposed to be painted by teams of street artists from the BSSSC members.

## 4 **STREET FOOD**

Colourful Food Tracks with national food from BSSSC countries won't leave anyone indifferent, the fest will fit to any visitor's craving.

## 5 **Open Air Film Festival**

The competition is attended by works of young talented directors from the countries of the commonwealth

## 6 **Sports, dance and freestyle**

The best representatives of the BSSSC regions will compete for the title of the kings of the Baltic streets.

## 7 Musical part

During all days of the festival, representatives of the BSSSC members perform on the stage in the evenings. Headliner will perform at the closing ceremony.

## What about place in Kaliningrad?

We propose to hold this festival on the island of Kant.

# Baltic 360°

1

## What is Baltic 360°?

Baltic 360° is a bike relay race through the countries of BSSSC.

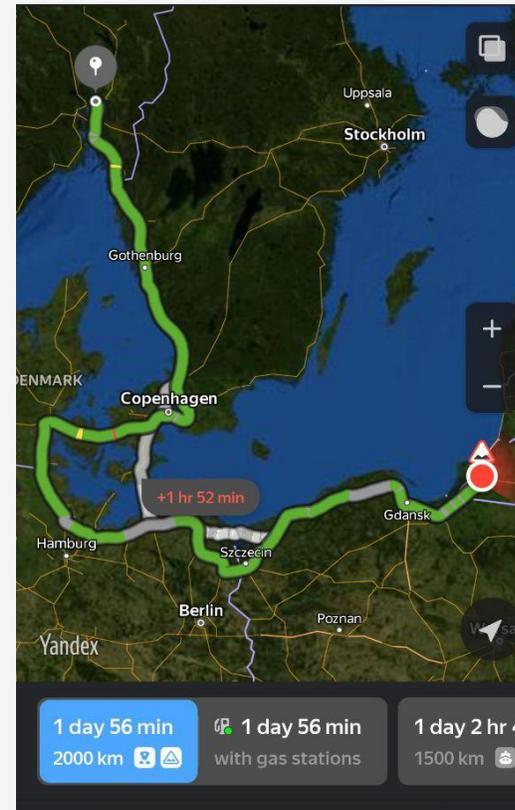

2

## How is it conducted?

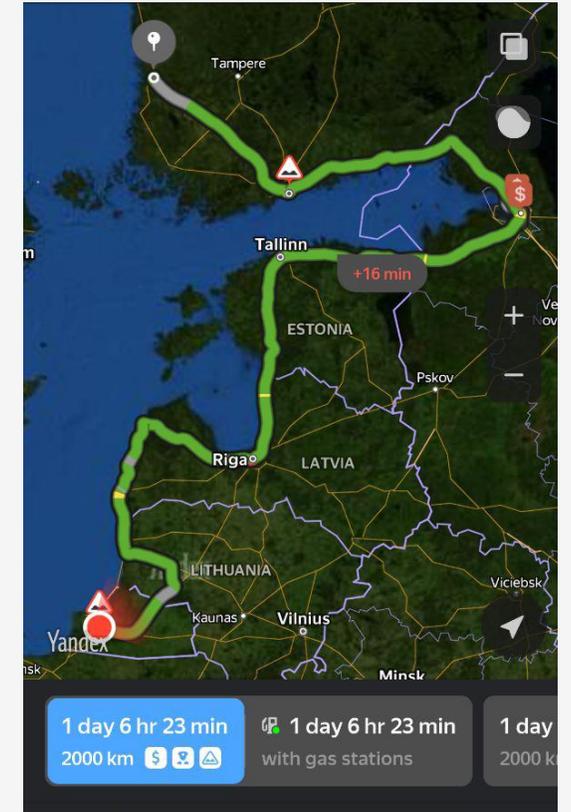

The race starts in Kaliningrad and has two alternative routes, each is 2,000 km long:

1) To Oslo through Poland, Germany, Denmark and Sweden;

2) To Pori (Finland) through Lithuania, Latvia, Estonia and St. Petersburg.

# Summer solstice

---

- We want to organize the festival in a **Medieval style**. Imagine yourself walking through a medieval fair, hearing folk music all around, watching buffoons show, listening to a sailor's stories from far unknown places. Wandering artists will show different myths and then people will vote for the best outfit. Everyone will have an opportunity to be taught archery and to taste medieval meals.
- In the evening, everyone will gather around the bonfire and an old mature knight will tell legends about fantastic creatures and stories about fights where he got all those scars.

**Dates: June 20-21**

# "From a different angle"

---

"From a different angle" is a theater festival, which will be going for a week at the same time in every city-participant. During our festival, each region chooses a play writer or a group of them, whose works will be presented in another region. For the even deeper understanding of the neighbor's "souls", art exhibitions can be presented too.

## **When?**

Spring 2021

# TELL ME

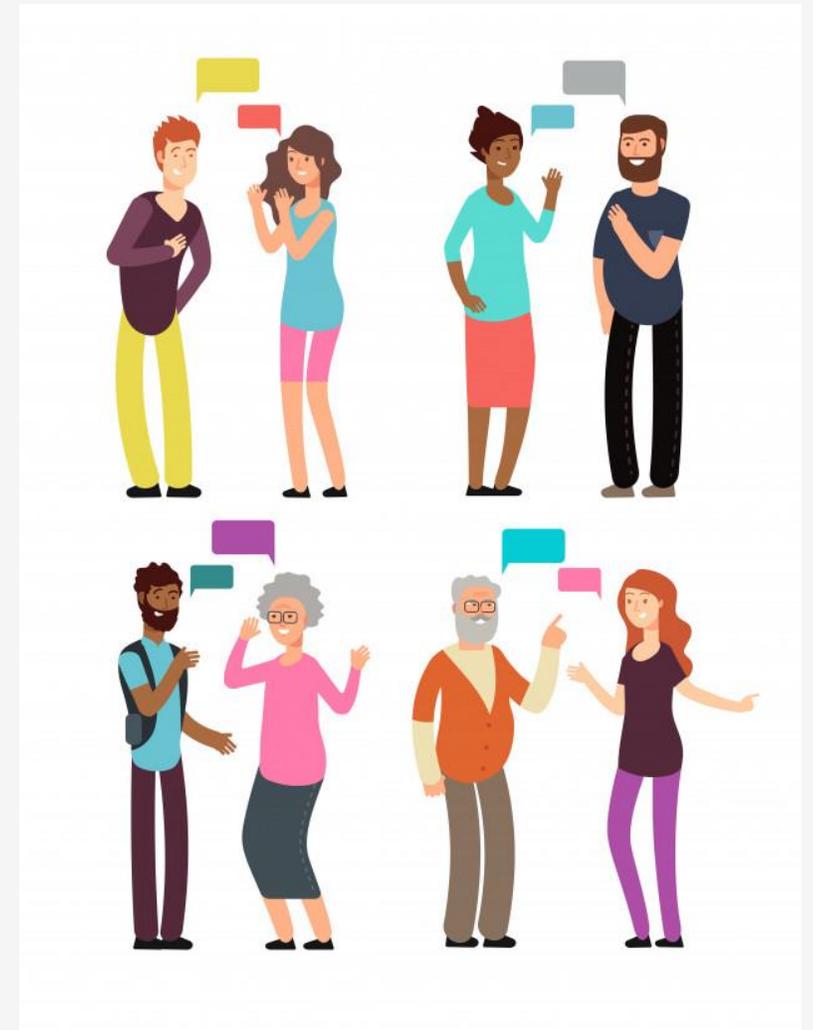

---

- **TELL ME** is a program for people who are ready to help each other and to come together with neighboring countries. The main point of this is to create volunteering opportunities for the BSSSC countries with the final project – video interview with 10 people of different occupation. Every channel in every country produces wide range of TV programs, in which famous people share their life experience. People of all ages are interested in gaining it by talking with or listening to other people.

- **Why do they have to make these projects during volunteering?**

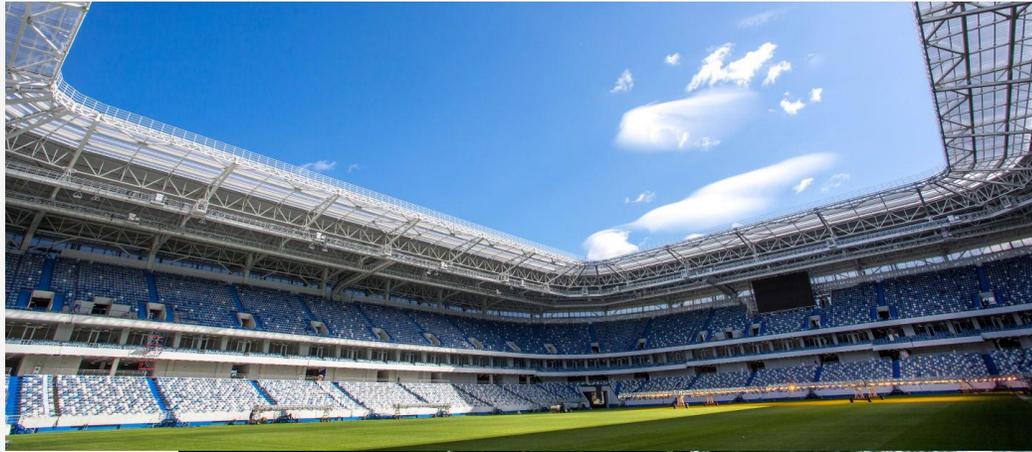

1. Helping each other always unites people.
2. Volunteering helps participants to become a real part of the society, not just a foreigner on vacation.

Therefore, their projects can be about real people, real lives and real experience. Such things move us a lot and depict the factual situation in the country.
